

Abolish Our Two Party System

In our two party system,
Division is the outcome
Our government divides the people
With their lies and broken promises
But everyone turns a blind eye as long as the liar agrees with you

They split us up between the left and the right
Pin us against each other by religion and race,
Cause delusions,
And make us believe reality isn't based
Push good away and label evil as right
They make us all fight,
And tear each other apart
And won't let us unite

The goal is to divide us
So that they can conquer us

We are pawns in their game
We are just slaves who believe we are free.
If we would just wake up, we would all see
The people you think are on your side don't give a damn about you
Or me.

We won't agree

On everything

But love is the key

To end the divide

I won't sacrifice my beliefs, but I also won't choose a side
